

## Anti-HIF-1 $\alpha$ , Clone OZ12

Store at 4°C

**Catalog No. 11216-058 100  $\mu$ g**

**PRODUCT:** Anti-Hif-1 $\alpha$  (Hypoxia-Inducible Factor-1 $\alpha$ ), mouse monoclonal antibody.

**CATALOG NO.:** 11216-058 **SIZE:** 100  $\mu$ g

**CLONE NO.:** OZ12 **ISOTYPE:** IgG1

**IMMUNOGEN:** Recombinant human Hif-1 $\alpha$  protein.

**SPECIFICITY:** Recognizes 120 kDa human Hif-1 $\alpha$ .

**APPLICATIONS:** Gel supershift

**FORM/PURIFICATION:** Purified from ascites by protein G chromatography.

**SUPPLIED AS:** 0.2 mg/ml in phosphate buffered saline containing 0.2% BSA and 0.05% sodium azide.

**STORAGE:** 4°C. For long-term storage, aliquot product into individual tubes and freeze at -20 or -70°C. Avoid repeated freeze/defrost cycles.
